

NorthShore Medical Group, a community based primary care group with offices in White Salmon and Stevenson, is seeking a full or part time Behavioral Health Care Manager to enhance access to behavioral health treatment.

Responsibilities will include:

- Support and coordinate the mental and physical health of patients of an assigned caseload, with the patient's primary care provider and other mental health providers. More information about the Care Manager role can be found [here](#). We anticipate this work is approx 20 hrs/ week.
- For candidates interested in greater than 20 hrs/ week, the remaining time would be conducting long term psychotherapy and skill building with patients.

To apply, please send resume and cover letter to hr@northshore-medical.com.

Successful candidate will possess the following qualifications and skills:

- Masters degree in Social Work, Marriage & Family Therapy, Counseling, or related field from an accredited program.
- Ability to respond with flexibility to changing work load or patient assignments.
- Ability to utilize computer software and Electronic Health Record.
- Strong verbal and written communication skills, required
- Ability to react calmly and effectively in emergency situations.
- Professional phone etiquette skills required.
- Ability to work effectively as a team member with physicians, associate providers, and staff.
- Ability to work effectively with patients, families, staff, and others.
- Passion for mental and behavioral health.
- Initiative to start and develop a program.
- All vaccinations required.
